

Do You Understand Medicare and Your Options?

... Maybe we should talk

It's important to know –

Medicare has four parts:

- Part A — Hospital Insurance
- Part B — Medical Insurance
- Part C — Medicare Advantage Plans
- Part D — Prescription Drug coverage

When should you sign up?

Most people sign up at age 65, however each person's situation is different

Do you know how you will pay for health care after you retire?

One solution would be to have Medicare and take out a Medicare Supplement (or Medigap) insurance policy. Another option would be to opt out of Medicare and enroll in a Medicare Advantage plan.

Do you have enough information to make an informed decision about your Medicare options?
