# PRESIDENT'S REPORT - OCTOBER 2024

RANDY DIEHL, *President* \_\_\_\_\_

Greetings Brothers & Sisters,

We had around 150 members and retirees from our Local march in the Labor Day Parade which was less than normally participate. If you can get free next year, please consider marching with our Local. You will be home before noon.

Local 974 sent 20 stewards to Ottawa for a week of training in August and will send all the committeemen and women for training the last week of October. We also have some of our members working on our second annual "Trunk or Treat" so please feel free to bring the kids and/or grandkids to the hall for treats.

We also awarded 11 \$500.00 scholarships to our members' kids and grandkids at the General Council meeting on September 8th.

In Solidarity,

Randy Diehl

# INSURANCE & BENEFITS REPORT – OCTOBER 2024

JOHN ARNOLD \_\_\_\_\_

Hello Brothers and Sisters!

The best time of year has gotten here and that is Fall. I hope this year has treated you well so far. For me, this year has not been that good for me and I hope it can finish on a positive note.

When you receive this newsletter, we will be about a month away from the start of Annual Enrollment. I wish I could provide you with the premiums for 2025, but Caterpillar refuses to give them to me until one week prior to the start of Enrollment. My guess (and only a guess) is that the premiums will be going up for everyone next year. Perhaps the week of October 21st I might have the figures, so feel free to call my office at (309) 694-3151 to see if I have them yet. I will post the premiums and any changes that may occur on our website [www.uawlocal974.org](http://www.uawlocal974.org) and our Facebook page.

I hope you all have a spooky Halloween and a wonderful Thanksgiving.

In Solidarity,

John Arnold, Insurance & Benefits Chairman

## RETIREES - Medicare Reimbursement

From time to time, I remind our retirees about the Medicare Part B reimbursement portion of our plan. If you or your spouse are Medicare age, 65, and enrolled in Medicare Part A & B, you are eligible for reimbursement of the Part B Premium. **The Plan will reimburse your Medicare premium up to \$99.50 per month every January and July.** This only pertains to members and spouses that opted out of the management/executive plan and retired prior to March 26, 2017. **You must contact Alight Solutions (Hewitt) at 1-877-228-4010 to enroll for the reimbursement. Once you're signed up, you won't have to sign-up again.**

# WE CAN AGREE TO DISAGREE

*Loren Meyers, Plantwide Safety Chairman*

Two months from the time of this letter, we will be back at the polls to elect the President of the United States of America, who will serve our country for the next four years. I respect everyone's opinion and choice of who they support. However, the atmosphere the last two election cycles has been hateful and toxic. It has escalated to the unfortunate event that happened on January 6<sup>th</sup>, 2021, when the United States Capital was attacked by a mob of supporters of then U.S President Donald Trump two months after his election defeat. I have watched families split in half because of the media misinformation of widespread voter fraud that has been debunked by multiple failed recounts and dropped frivolous lawsuits. I want to get back to where we can agree to disagree and still be compassionate and respectful to one another.

I really debated on going down this rabbit hole but as 974 UAW labor safety representative, I support the party that supports labor. My first experience with anti-labor tactics was when Bill Clinton signed the ergonomics rules into law in November 2000. These regulations were designed to reduce workplace injuries related to repetitive stress and other ergonomic issues. The Occupation Safety and Health Administration had estimated that the new rules would have generated benefits of \$9.1 billion a year for each of its first 10 years and would have prevented 460,000 musculoskeletal disorders a year. It said employers pay \$15 billion to \$18 billion a year in workers' compensation costs because of such disorders. March 7, 2001, President George W. Bush signed a bill that repealed the Occupational Safety and Health Administration's (OSHA) ergonomic rules. These rules were initially put in place to address workplace injuries related to repetitive motion and stress. Bush cited the new rules was too **burdensome** to employers. With the change of worker compensation laws, companies have pushed their ergonomic responsibility to the employee with one-word **NONOCCUPATIONAL**.

I have witnessed other OSHA regulations that have been changed or watered down by conservative business lobbyists to shorten the reporting requirements to disadvantage the injured employee. Look at Caterpillar C.I. system that pushes employees out 30 days for your safety issue to even be considered, that's if you ever see it again. Caterpillar management will be your best friend until they have taken away your ability to seek help from OSHA because your issue is untimely.

## THREATS TO OUR SAFETY AND HEALTH

- Targeted Medicare and Medicaid, proposing more than \$1 trillion in funding cuts.
- Championed "Trumpcare," threatening to rip health coverage away from 24 million Americans.
- Actively undermined the Affordable Care Act, increasing the number of uninsured Americans by 7 million.
- Made workplaces more dangerous by rolling back critical federal safety regulations:
  - Cut federal workplace safety inspectors to their lowest level in the Occupational Safety and Health Administration's (OSHA's) history.
  - Repealed record-keeping rules requiring employers to keep and report accurate injury records.
  - Refused to publicly disclose fatality and injury data reported to OSHA.

*continued on page 8*

- Loosened requirements for federal contractors, overturning a rule requiring companies to disclose labor violations before being awarded a federal contract.
- Undermined workers’ voice on the job, withdrawing a policy allowing nonunion workers to participate in safety inspections.
- Proposed eliminating the U.S. Chemical Safety Board and cutting workplace safety research and training programs.
- Proposed revoking key child labor protections for teenagers working in the health care industry.
- Weakened the Mine Safety and Health Administration’s mine safety enforcement, forcing miners to work in hazardous conditions.
- Halted new rules on styrene, combustible dust, construction noise, infectious diseases, silica and mine safety.
- Delayed and proposed rolling back the U.S. Environmental Protection Agency’s chemical risk management rule, leaving workers, the public and first responders in danger.

We as Union brothers and sisters need to be passionate about our beliefs but not at the cost of our solidarity to be safe at work and provide our families with dignity. Go home to our loved ones happy and healthy. On Tuesday November 5<sup>th</sup> make sure your voice is heard at the polls.

Respectfully Plant wide Safety chairman Loren Meyers.

# BARGAINING CHAIRMAN'S REPORT – OCTOBER 2024

BOBBY KOLLER \_\_\_\_\_

Greetings Brother and Sisters,

Docket Numbers – Issue grievances are 4 (3 pending) and 4 just cause grievances with 2 pending.

Things continue to be slow in most business units. Undercarriage just came off a weeklong TLO in the last week of August and will also have another week of TLO's on September 23rd. Prime Products members were told they were going to have another week of TLO's on September 16th. TBU is slow in assembly but are roughly 5000 hours behind in some machining areas. Mapleton Seals has no TLO's scheduled, still hiring and has plenty of overtime. Mapleton CMO is not showing any slowdown currently.

The Business Units that are slow have shown an uptick in grievances mostly due to progressive discipline.

Committeemen training has been set up for October 29th through November 1. in Ottawa. We current. have 19 Committeeman, and this training is always very informational.

We had an East Peoria issue docketing on August 27th with 5 issue grievances. A couple of these were settled and a couple were held open by the Union pending possible arbitration.

If anyone has any questions, don't hesitate to call me at (309)694-3151.

In Solidarity,  
Bobby Koller, Bargaining Chairman
